5 flavors of Lollipop will sell ... by Awesome, Avalanche, Unix & Doorman
Lollipop unexpectedly passed away this winter ... but leaves behind wonderful memories and daughters to extend the chain.

Lollipop's top 5 finish at Madison extended a streak for this family that traces nearly 35 years and 4 distinct decades ...
a simple link in the chain ... the matriarch Valiant Fawn, Frolic, Fantasy, Freckles, Flurry, Fiji, Jalepano, Flicker, Winning Ways & Lollipop.
Who is the next great one from this prolific family? She'll walk through the sale ring on May 16 in Wapakoneta. 15 family members will sell.

In addition to the Fawn family, descendants from some of the great cow families of the breed will be offered — including Dooley, Marian, Tickle Me, Paige, Terrason Allie, Grasshopper & Freaky Girl.

This is your chance to participate on one of the most prolific breeder herds in the breed. Decade after decade of excellence, with Quietcove now offering its best at the peak of its breeding history. 10 All-American nominations in the last 4 years possess the Quietcove prefix ... who will be next?
