 GTPI® NMS MILK CFP

HELIX has claimed the top spot on the proven TPI list for the second consecutive proof. He's also ranked as the No. 2 NMS and No. 1 CFP proven sire in the breed. This production megastar also transmits a very impressive type pattern. His daughters have plenty of width and strength with high and wide rear udders to handle the stress of high production. Contact your representative to add HELIX to your program!
